Graduate Employment Policies: Institutional employment policies as relates to graduate students may be found at: http://gradschool.mines.edu/GS-Assistantship-Policies

- **Graduate Hourly Appointments** are made to students who work part-time on campus to provide assistance in areas that are unrelated to their academic program and that do not involve teaching or research duties of the nature expected of Graduate Research and Graduate Teaching Assistants. 
- **Graduate Hourly Appointees** are supervised by CSM faculty or staff and may provide clerical, administrative, and/or technical support for academic and administrative units and individual CSM faculty and research units. 
- **Graduate Hourly Appointee Supervisor** is the faculty or staff member from whom the Graduate Hourly Appointee receives their formal work assignment and who oversees the performance of this work assignment. 

**Graduate Hourly Appointments** are awarded with an explicit indication of the number of hours per week expected. Students on Graduate Hourly Appointments must submit time sheets indicating the actual hours worked and are compensated on an hourly basis for these. During the academic year, Graduate Hourly Appointments are limited to no more than 20 hours per week. During the summer, Graduate Hourly appointments may be made up to 40 hours per week. Students may concurrently hold multiple Graduate Assistant and Graduate Hourly appointments. In the case that a student holds multiple appointments, the student must make all departments, divisions or PIs overseeing the work assignments of each appointment aware of his/her multiple commitments. The sum of the total work commitments may not exceed the institutional limits defined for a single appointment (i.e., 0.5 FTE or 20 hours during the academic year and 1.0 FTE or 40 hours during the summer).
